

***C.B. Ramey wins 2020's Optima Batteries Ultimate Streetcar Competition, and claimed the \$25,000 "baddest streetcar prize" in that famous 1987 Corvette<sup>1</sup>***

Featured on LucasOil and MAVTV's television show, "*Optima's Search for the Ultimate Streetcar*" series (links and pics below), playing Friday nights on the MAVTV network – Directv, Dish, Comcast and other providers - this competition is held at some of the nation's most iconic road courses, such as Willow Springs, Road America, Circuit of the America's, and others. The series requires street legal cars to compete in a 'Speed – Stop' drag race and braking competition, compete for time on the full road course and a separate autocross, drive a street rally to demonstrate their streetability, and finally, present its merits in a "Design and Engineering" demonstration Car show.

The deep Optima field includes cars of all kinds of cars and trucks, from Pro-Touring Camaros and Mustangs full of engine swaps, custom frames, and copious carbon fiber, to modern sportscars, vettes, Lamborghinis, porsches, and wild customs!

Ramey and this Corvette will defend their title all year in the series across America in 2021, and will be featured online, on air through the Television series, and in Optima Batteries' premier podium at the 2021 SEMA show in Las Vegas.

This car features many incredible upgrades, including an HPR 468 cid LS based power plant, making over 660 rear wheel 'pump gas' horsepower; an HGT Precision Sequential 6 speed, custom fabricated mounts, Race Spec Motec/Racepak/AIM MXG/Bosch racing ABS electronics, custom carbon fiber hood, fabricated coil over mounts and MCS double adjustable shocks, custom fabricated brake caliper mounts and hub adapters with Stoptech ST60/40 brakes; Jongbloed 18x12 wheels all around, Rivera Services custom interior and suede and leather accents, 2020 Corvette carbon ceramic paint, APR wing, and more, with many new upgrades planned for 2021.

I can't go back on TV without sponsors on my shirt:

The car needs sponsor stickers too!

Add the OPTIMA Network for free on Amazon Fire!

These events are fantastic, if you haven't been you need to come out!

Watch OPTIMA's Search for the Ultimate Street Car Fridays at 8PM ET on MAVTV

This car will be featured right here at the Optima Center Stage at SEMA 2021, with a sponsor board!

I have almost an hour of the show this season, and with next season building, will get even more exposure. This car has been featured in nearly every major magazine, blog, and website, as well as the TV show, and figures to get even more exposure next year as the defending champion. This was largely a home-built effort, with key experts helping where they could, and the plans are big for next year!
